EDUCATION

Computer Science Engineering
Future Institute Of Technology

12/2021 - 12/2025   *Gpa : 8.24*

Courses
- B.Tech

Higher Secondary
Poura Pathabhaban

03/2019 - 03/2021   *Percentage : 82%*

PERSONAL PROJECTS

Netflix Clone Project ⬀
- Replicate Netflix's visual interface using HTML and CSS
- Design a homepage with :Navigation bar, Carousel for featured content,Grid layout for movies and TV shows, Footer with links
- Utilize CSS for: Styling fonts, colors, and spacing Ensuring responsiveness across devices
- https://github.com/SabarnaMaity/Netflix_Project

Stone Paper Scissor Game ⬀
- HTML defines the structure of the game interface, including buttons for each choice (stone, paper, scissors), a scoreboard, and possibly a message area for displaying results
- CSS is used to style the elements, making the game visually appealing with colors, fonts, and layout adjustments
- JavaScript handles the game logic, including generating a random choice for the computer, determining the winner based on the rules , updating the scoreboard based on the outcome of each round, and displaying messages to inform the user of the result

Amazon clone project using HTML,CSS,JAVASCRIPT ⬀
- **HTML**: Structures the webpage with components such as a navigation bar, product listings with images and descriptions, a shopping cart interface, and checkout pages.
- **CSS** : Styles the webpage elements to mimic Amazon's design aesthetic, including fonts, colors, layout, and responsiveness for different screen sizes.
- **JavaScript** : Implements functionality such as dynamic product loading, user authentication, adding items to the cart, updating quantities, and calculating total prices.

WORK EXPERIENCE

Coding Coordinator
TechClub, Future InstituteOf Technology

01/2023 - 01/2024

Achievements/Tasks
- Organising Compettive Coding Competition
- Participated in Hackathons

SKILLS

JAVA   C   Python   HTML   CSS   JS
DSA   OOPS   SQL   DBMS   REACT JS

CERTIFICATES

NPTEL: Pogramming in Java ⬀

Data Structure and Algorithm using Java
